Testimonials

"Some day the medical profession will wake up and realize that unresolved emotional issues are the main cause of 85% of all illnesses. When they do, EFT will be one of their primary healing tools ... as it is for me."

Eric Robins, MD

"My doorman told me that after suffering from weekly and sometimes daily migraines since childhood, he hadn't had a single migraine since the EFT treatment, which was between 5 and 6 years ago. He still doesn't understand what went on in my office, but is thrilled with his relief."

Dr. Carol Look, LCSW, DCH

"I have a real phobia about driving in heavy traffic areas, especially with ramps that are elevated. I tried the tapping and drove on an expressway, with ease and comfort, that normally I would have avoided like the plague. That convinced me!"

Pat Pietri

"EFT has been for me, the single most effective technique I've used in my 45 years of practice as a psychiatrist."

Curtis Steele, MD

"The EFT is working just great for me, it is night 13 of falling asleep without the pain of the Invisible Chronic Illness (fibromyalgia) and this is a phenomenal record for me. Since 1991, the onset of this illness, I have not had two pain free nights in a row. You are very much appreciated and a great big "Thank you."
